

# UPGRADE ANY OVERHEAD DUST FAN\* TO NEW PRO SERIES TECHNOLOGY.

***Forego  
your next  
maintenance  
cycle and  
upgrade to  
the quiet,  
efficient  
Pro Series  
fans from  
SonicAire.***

\* Any manufacturer's fan, any model

## **Pro, Extreme, Specialty Series**

The Pro 100 Series features SonicAire's 1-horsepower fan, ideal for use in typical industrial environments. We also offer fans with more power, compact size or for harsh environment use. Designed for continuous operation, SonicAire fans rotate through a full 360° cycle, while oscillating vertically through an adjustable angular segment as required for your application. Ask your regional sales manager for more information.

## **Features**

- 230, 380, 460, and 575 volt models
- 1 HP (750W) and 2 HP (1500W) TEAO Fan Motor, 3 Phase Gear Motor
- 78 dBA at 20 feet (6 meters)
- Angular oscillation range varies between 120° and 35°
- Full 360° rotation
- One year parts and factory service warranty

***Swap out your old fans before October 30, 2020 and we'll credit you \$299 per fan towards purchase. We'll even pay the return freight back to our facility.***
